1 EXT. LONG - BACKYARD

Slow aerial pan to a house and tree.

Bubbles are floating from a crooked house to a large gnarled tree.

2 EXT. CLOSE ON TREE - CONTINUOUS

We follow the largest bubble to the tree. There is a bat, VENESHIA, hanging on one of the branches of the tree. She has her wings wrapped tightly around her. The bubble pass her eyes, we follow the bubble as it lands on a BIRD'S NEST.

The bubble lands on the nest.

4 EXT. CU NEST - CONTINUOUS

A small bird, STORM, pops his head out of the nest and looks at the bubble. He flaps his wings. The bubble pops. Storm blinks. He tries to take flight but nothing happens. He looks up and sees Veneshia.

5 EXT. VENESHIA HANGING BAT STYLE - CONTINUOUS 5

Veneshia spreads her wings, then does a fantastic and perfect loop de loop around a bubble. She settles back into her spot and hangs. She watches Storm.

6 EXT. NEST - CONTINUOUS

Another bubble floats and lands on the nest. Storm jumps on the edge of the nest to catch it, as he does, the bubble floats away and lands on the branch. Storm flaps his wings madly trying to fly and catch the bubble.

He lunges bravely in the air off the nest. He lands in a heap on the branch.

Storm makes a run for the bubble and leaps into the air. Just as he is about to land on the bubble, a breeze picks up and whisks the bubble away. Storm falls again.

9 EXT. ECU VENESHIA

Veneshia LAUGHS at Storm and flaunts her massive translucent wings.

10 EXT. CU STORM

Storm looks up at Veneshia and then at his own short and stunted wing span.

Storm sees another wave of bubbles float by. They swirl in a willy-nilly way and float upwards to the sky. He watches them in awe.
